

LIST OF CORRECTIONS

This publication has been prepared primarily by assembling and binding the maps and tabular materials originally issued in the separate PC(1)-A, B, C, and D final reports for the State. This plan was adopted in order to conserve public funds. The corrections listed below represent changes which would ordinarily have been made if this publication had been prepared by reprinting these maps and tabular materials. Those items with an asterisk (*) consist of

Change 1960 population in places under 1,000, rural territory, current urban definition, from 265,093 to 265,073.

Pages 12 and 24, tables 7 and 8

Audubon County: Change 1960 population of Gray town, Lincoln township, from 152 to 162. The revised figure includes a number of persons living inside the area who, in the original tabulations, were erroneously counted as living outside the area.

Page 15, table 7

Fremont County: Tabor town (pt.) should be indented under Ross township.

Pages 20 and 27, tables 7 and 8

Tama County: Change 1960 population of Toledo city, Toledo township, from 2,850 to 2,417. The revised figure excludes a number of persons living outside the area who, in the original tabulations, were erroneously counted as living inside the area.

Change footnote 2 to read as follows: "Includes population (731) of part of Davenport township; this part included in annexation to Davenport City township, coextensive with Davenport city, since 1950."

Delete part of footnote 10 which reads "which are not in the area in 1960"; add: "The parts of Mt. Vernon and Poyner townships were included in annexations to East Waterloo township, and the part of Orange township was included in an annexation to Waterloo township since 1950." Poyner township shown as Poynter in first part of footnote.

errors which affect not only the specific figure(s) mentioned but also affect other data in this publication. Among the other data which might be involved are the statistics for a larger area of which the particular area is part and the statistics by such classifications as urban-rural residence and size of place. The user can, of course, carry through these types of changes if he thinks them worthwhile.

Page 303, table C-2

The nonresponse rates for "Birth date, decade unknown" erroneously exclude nonresponses for group quarters members other than inmates.

Pages 304 and 306, tables C-2 and C-3

Delete "Note" at end of tables. Nonresponse allocation rates for family income are somewhat overstated; for a detailed discussion, see text, p. XLII.

Pages 402-430, tables 122 to 124

On each page showing Male, Operatives and kindred workers, the line reading "Furnacemen, smeltermen, and heaters" should be changed to "Furnacemen, smeltermen, and pourers."

Page 501, table D-1

The following explanatory footnote should be keyed to the line for "Not reported" in the section on "Relationship":

Limited to persons who were allocated to the categories "Wife of head," "Other relative of head," or "Nonrelative of head."

Page 501, table D-1

The category "Not reported in decade or year" under "Age" erroneously excludes non-responses on decade of birth for group quarters members other than inmates.
